

Beloved LSBAE Director Teeny Simmons succumbs to cancer

It is with much sadness that we relay the passing of recently retired and much beloved LSBAE Executive Director Mary “Teeny” Simmons.

Teeny led the LSBAE with determination and vision, wisdom and an always present smile for 41 years. She was a positive force to all who met her. Louisiana and the architecture profession gained many friends and allies as she worked tirelessly with officials and boards throughout the country on issues affecting the public and the profession. Her dedication, humor and kindness will be missed.

Memorial arrangements will be made in January. We ask that you keep her family in your prayers at this difficult time.
